BASALT CREEK

Annexation

Various annexations and developments are planned.

www.tualatinoregon.gov/planning/basalt-creek-area-planning

Urban Renewal

Established in 2021, this will help finance infrastructure projects over the next 30-years without additional taxes.

Parks & Recreation Planning

Review the draft plan and take our final survey.

www.tualatinoregon.gov/recreation/webforms/basalt-creek-parks-recreation-plan

PARKS UTILITY FEE

What is the parks utility fee?

A \$5 per month fee on your utility bill that will help pay for much-needed improvements to our parks like the fence at Stone Ridge Park or the Boardwalk at Browns Ferry Park (pictured at right)

How will projects be selected?

There are many repairs and replacements needed throughout the parks system. Projects will be sequenced and prioritized based on system balance, urgency and immediacy, ease of implementation, synergistic benefits, environmental sustainability, operational sustainability, and scale of benefit.

How was the fee determined?

Our team went through a process called “asset scoring” to determine the overall needs.

Fence, Stone Ridge Park

Boardwalk, Browns Ferry Park

CLIMATE ACTION PLAN

What is a climate action plan?

A plan that discusses climate change and outlines specific actions an agency will undertake to reduce emissions and climate change impacts

How far along are we?

At the beginning! The City Council has directed staff to solicit proposals from consultants who can help put the plan together. We are reviewing proposals now.

EQUITY COMMITTEE

Why an Equity Committee?

To help build and strengthen relationships with the community as well as lower barriers to public participation in governance.

How does it work?

First, the City Council is looking to put together an ad hoc (temporary) committee that will help determine priorities and shape what the permanent committee will look like.

How can I be involved?

We haven't started recruiting yet, but expect to in early 2022. Keep an eye on the City's website for more information.

LIBRARY MAKERSPACE

What is a makerspace?

A place in which people with shared interests, especially technology, can gather to work on projects while sharing ideas, equipment, and knowledge.

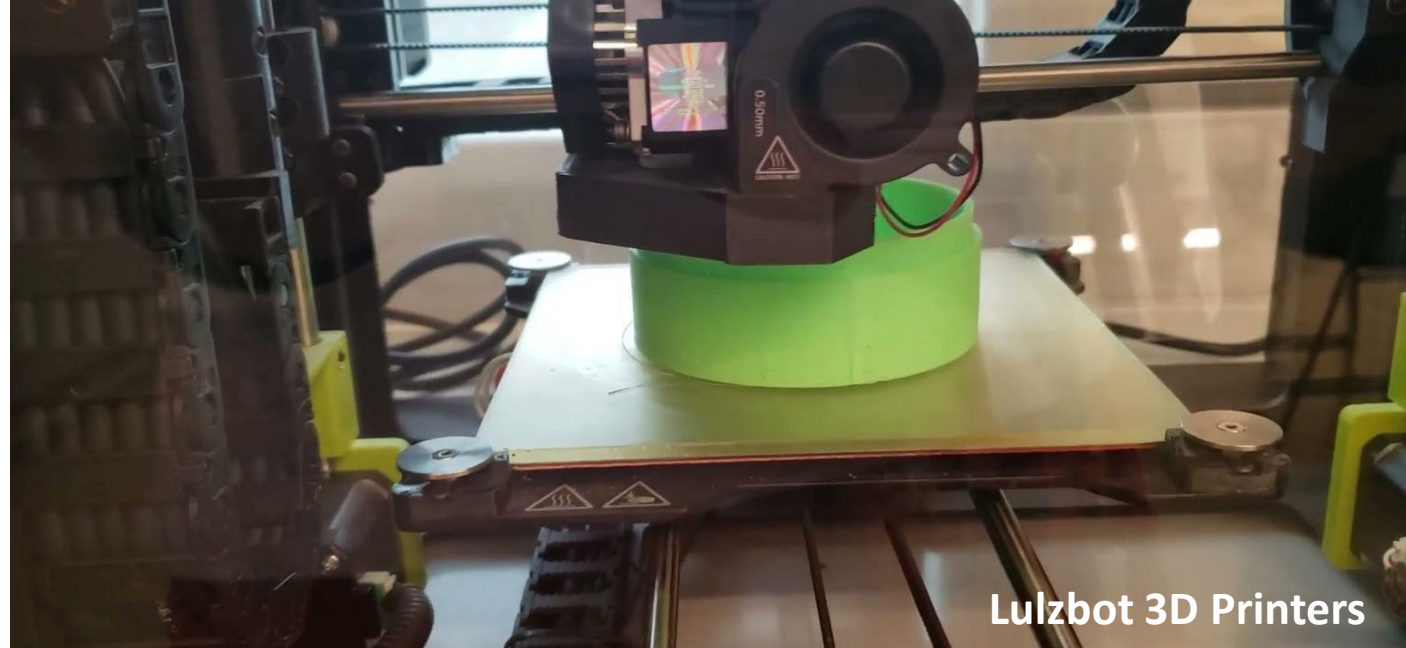

Who can use a makerspace?

Anyone with a signed waiver. Some items require certification and are reserved for people ages 15 and up. Children under 15 must be accompanied by an adults.
